TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Deerfield in the County of Rockingham in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at Town House in said Deerfield on Tuesday, the thirteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will raise and appropriate the sum of $803.95 for Class V highways, the State to contribute $3,215.79, providing the present Legislature restores Town Road Aid to its original amount.

4. To see if the Town will vote to instruct the Selectmen to hire money in anticipation of taxes.

5. To see if the Town will vote to make any change regarding wages paid for labor on highways.

6. To see if the Town will vote to raise and appropriate money for the purchase of snow fence.

7. To transact any other business that may be legally brought before this meeting.

Given under our hands and seal, this 6th day of February, in the year of our Lord nineteen hundred and forty-five.

ROBERT B. SANBORN,
WILLIAM H. O'NEAL,
CARL M. FOGG,
Selectmen of Deerfield.

A true copy of Warrant — Attest:

REPORT OF THE FOREST FIRE WARDEN

Help the War Effort by Preventing Forest Fires

NO ONE is exempt from helping to win the war! EVERYONE, regardless of age, has his or her place in the overall effort! Some men, because of age are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in larger numbers, are serving with the armed forces as nurses and members of the several women's military organizations—WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the wars business by taking men from their important work in industry and on the farm and reduces production of necessary war mate-

rials and food. Forest fires require the spending of much money and material that might otherwise be diverted into vital war channels. Forest fires are, for the most part, unnecessary and avoidable for ninety-eight percent of such fires are annually, the result of human carelessness — yours and mine. This can and should be remedied — NOW! YOU can HELP THE WAR EFFORT by PREVENTING FOREST FIRES! The rules of the game are simple.

1. *Always* be careful with fire in, or near woodlands.

2. Comply with regulations governing the use or starting of fires there.
   Remember
   a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.
   b. Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.

3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

Help the War Effort by Preventing Forest Fires

The 1944 fire record for our town is:

Number of fires	6
Acreage burned	53½
Number of permits issued	28

LEON W. HARVEY,
Forest Fire Warden.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Deerfield:

My sixteenth annual report records no changes in your corps of full-time teachers. The retention of three trained and permanently certified teachers in the schools at the Center, Parade, and South Road is a credit to both the teachers and the community. Today throughout our country (a) one teacher in seven is new to his position in 1944-45; (b) one in ten is holding an emergency certificate; (c) and one in five is paid less than $1200 for the year's work.

A recent survey of salaries now being paid in 173 teaching positions in the villages and rural communities of Southern New Hampshire indicates that 65 per cent command higher salaries than those paid in your local schools. We have reason to believe that the average salary of women teachers in the elementary schools of Southern New Hampshire will soon exceed twelve hundred dollars.

You are fortunate in obtaining the part-time services of Mrs. Mabel E. Reed of Manchester to teach music in the three schools. Mrs. Reed is a graduate of the music course at Keene. For several years she has taught in the elementary and secondary schools of Maine and New Hampshire. In addition to Deerfield, Mrs. Reed is supervising music in the schools of Candia, Goffstown, Hooksett, Pembroke Academy, and Raymond.

The report of the enumeration officer, submitted in September, shows the following age groups and placement:

Boys (5-16 yrs.) 38; Girls (5-16 yrs.) 47 Total 85

Of this number the following were not in school:			
Below required attendance age (5-8) ...	3		
Physical disability (8-14)	0		
Completed elementary grades (14-16) ..	0	Total	3
Number (5-16) in local public schools	70		
Number (5-16) attending high school	10		
Number (5-16) attending elementary schools outside	2		
Whole number of resident children (5-16) accounted for in schools			82

In December standardized achievement tests were given to all pupils in Grades three, four, and five. Following are the average scores attained in terms of the grade and month.

Grades	III	IV	V
Standard Scores anticipated:	3-3	4-3	5-3
Reading and Vocabulary	3-6	4-4	5-9
Arithmetic Fundamentals	3-6	4-1	5-0
Arithmetic Problems	3-6	3-6	4-8
English		4-2	6-1
Literature			5-8
History			6-0
Geography			5-5
Spelling	2-8	3-9	5-0
Grade Averages	3-4	4-1	5-6

It is with regret that restricted transportation necessitates the continued abandonment of the annual spelling contest in which Deerfield and other elementary schools of the Union participated for several years. The number and extent of educational field trips have likewise been restricted.

As an alternative teachers and pupils have loyally contributed to the war effort. During last year War Stamp purchases and Bond sales by the schools totaled:

Center	$5.00
Parade	141.80
South	161.25
	$308.05

The teachers and pupils wish to thank those individuals who by purchasing bonds through the schools made possible this record of achievement.

Last fall your schools contributed nearly ten bushels of dried milkweed floss for the making of life jackets for our armed forces. The total contribution from the schools of this Union was 162 bushels. Proceeds from the sales were divided among the children, who contributed, or were deposited with the school's club funds.

In the salvage collection of waste paper two Deerfield schools doubled their quota. Receipts from the sale of this paper average fifteen dollars a ton. The majority of schools are applying the proceeds towards the purchase of a new 16 m.m. sound-on-film projector.

The annual report of your school nurse for the year ending in June shows:

Total number of pupils examined	77
No. successfully vaccinated	77
No. Excluded for communicable disease	54

Record of examination and follow-up work:

	No. Pupils Affected	No. defects Corrected
Underweight (10%)	6	3
Defective Vision	3	1
*Defective Hearing	3	—

Defective Teeth	46	3
Diseased Tonsils	5	2
Defective Speech	1	—

* 57 pupils were given Audiometer tests.

Cases of Communicable disease:

Measles	48
Pediculosis	3

No. Nurse's visits to schools	56
No. Nurse's visits to home	20

The demands of the armed services still prevent the conducting of dental clinics in the schools. Although the number of cases of dental defects has decreased nearly one-fourth, the correction of these cases has decreased by more than three-fourths. This is doubly unfortunate both in consideration of the immediate comfort of certain children and in view of their later growth and health.

Children, recently recovered from chicken pox, measles, and scarlet fever, are carefully checked by your school nurse for difficulty in hearing. Parents can assist by reporting to the school nurse any signs of hearing difficulty noticed in the home.

The number of pupils now attending academy and high schools exceeds last year's attendance by nearly 50 per cent. However, the present enrollment in secondary schools is scarcely more than half that of the pre-war period. This reduction is due to several factors. Among these is the lack of adequate transportation.

The slower pupil is being transported to elementary school until he is sixteen years of age, or even older. This arouses a growing feeling throughout the state that we are thus placing a premium on "slowness"; because at the same time the fourteen-year-old graduate from the elementary schools, in districts not maintaining a high school, must find his own transportation to further schooling. In a few towns this inequality of age opportunity is eliminated by a special district

appropriation for the transportation of its high school pupils. It appears that the time may not be long before such transportation will be required by act of the legislature.

As we approach the post-war period, Deerfield is one of the smaller communities giving careful thought to the improvement of its present schools by the erection of a central school plant. To the members of your board and your building committee there has been made available recently a survey of school buildings, prepared as part of the program of the Public Works Committee of the State Council on Post-war Planning.

Communities, having selected definite location and adopted building plans, will be among the first to receive government recognition.

The year has been characterized by the retention of fully certified teachers, the extension of music instruction to all schools, and a higher level of achievement by the pupils of the several grades.

I take this occasion to commend for efficient service your pupil and adult janitors. The lack of repairmen has added to the duties of both teachers and janitors. They have met unusual problems; and have found the solution. In the rural districts, punctuality in the kindling of schoolroom fires amid the darkness of sub-zero mornings gives implication of traits as valuable as mastery of the three R's.

Respectfully submitted,

GEORGE H. HARMON.
